**Free:** services not charged to the insured.

- 1. All emergencies must be coordinated through the telephone number 915.909.648.**
- All emergency services will have a **surcharge of 25%** over the base rate.
- Costs for serums, medicines, prostheses, orthoses, as well as pins, nails, mesh, plates, locks and neonatal resuscitation **are not included** in the treatment prices.
- In regions where vaccination is compulsory, bureaucracy and administrative fees will be charged at the private rate of the veterinary clinic visited by the insured.
- Not all services listed may be available at all network clinics. Check availability locally.
- The 'speciality consultation' applies only to the families of services listed in the tariff.
- Consultations, examinations or procedures carried out by external professionals will be invoiced at private rates.
- 'Day hospitalisation' applies according to the schedules of each centre.
- A 'life-threatening emergency' is an unexpected and serious medical situation requiring immediate veterinary attention due to its critical nature, which endangers the animal's life and cannot wait for a regular consultation.
- If an Electronic Prescription is required, it will only be linked to the scheduled video consultation and in accordance with current legislation.
- For other services not included in this scale, the private tariff of the veterinary clinic will be applied.
